## Security Features

How we work to protect your checks.

**Padlock Icon** — This icon signifies that checks comply with industry standards.

**Fugitive Ink** — Chemical alterations may cause extreme discoloration, washing the check will likely cause details of the backer to fade or disappear.

**Security Weave**® — A patented, intricate design that is extremely difficult to duplicate.

**Micro Print** — A fine line of type that can be read when magnified and is very difficult to photocopy.

**Security Screen** — The words "Original Document" will fade, distort or disappear if a check has been copied or scanned by traditional means.

**Security Warning Box** — Gives a checklist of security features present on the check.

**VOID Feature** — The word VOID will appear in the Warning Box if the check is scanned or photocopied.

**Security/Safety Paper** — When common chemicals are used to change the original information on a check, stains will appear.
